Name and address of employer	Greenpeace Italy, Via della Cordonata, 7 00187 – Rome, Italy
Type of business or sector	Advocacy NGO in the field of environment

Education and Training

Dates October 1979-December 1987

Title of qualification awarded University Degree in Arts, University of Rome "La Sapienza", grade 110/110

Principal subjects/occupational skills covered MSc Major in Cultural Anthropology

Fellowships and Awards

Scientific Secretariat of Epidemiologia & Prevenzione Journal
Lecturer of Communication, Knowledge Translation and Participation Techniques at:
Master in Management and Control of Environment, Sant'Anna School of Advanced Studies, Pisa;
Master in Epidemiology of the Italian Epidemiological Association, University of Turin;
Master of Science Communication, International School for Advanced Studies, SISSA, Trieste;
Master in Science Communication and Responsible Innovation at University Milan Bicocca.

Other responsibilities and membership:

Journalist, Lazio Journalist Association
Ministry of Foreign Affairs: included in the list of experts for internalization of public administration.
Ministry of Foreign Affairs: included in the list of expert for the acquis communautaire (twinning national projects).
Consultant:
Ministry of the Environment and Protection of Land and Sea: expert for structural funds management.
OCSE: use of pesticides in agriculture. Consumers Association: environment and health in agriculture.
COSPE NGO: environment and health in agriculture. National Health Institute: environment and health planning in WHO, EU and Italy.

Personal skills and competences

Knowledge transfer, from research data to decision makers
Participation in debates, interviews, conferences, media work
Coordination of national and international research projects
Writing European/National research proposal
Editing, peer review for National and international journals

Technical skills and competences
Computer skills and competences

Experience in reporting (written reports and presentations)
Experience in moderating public debates.
Experience in journalism and media production
Use of word processing software, spread sheets, data base, web page management
Organisation and update of the Research Unit web site: www.ambiente-salute.it

Organization and coordination of scientific and technology workshops, conferences, exhibitions or similar events

Conferences and public events organized during the professional work in the fields of interest: advocacy and campaigning; communication; risk perception; environment and health; health impact assessment; knowledge transfer; policy making; evidence based decision making; ethics

Principal Recent Scientific Projects

International projects:

DG Environment: LIFE Gioconda 2013, project manager

FP7 –Repopa, responsible IFC-CNR Unit

FP7 – Era-EnvHealth, responsible IFC-CNR Unit

DG SANCO: Rapid, responsible WP

DG SANCO: Hia-Nmac, staff member

DG Environment: Life Hia21, staff member

National Projects: Pias CNR, Respiriamolacità, Sentieri, Sebiomag, Sebiorec, Monitor, CCM Sepias, CCM RiscRipro, CCM Vispa, CCM t4HIA, Stato di salute in Val D'Agri.
